Quinlan and Brief to Be Added
to Salt Lake Club Roster—
Three to Be Let Out.

PORTERVILLE, March 21.—While nothing official has been given out by Skipper Bill, certain indications today pointed to the following as the squad which will leave here next Monday for Salt Lake City, there to make ready for the opening of the season of the Coast league: Hannah and Sheely, catchers; Hoff, Leverenz, Hughes, Evans, Schinkel, Kermayer, Dubuc, Lydell, Blake and Jones, pitchers; Crandall, Gislason, Orr, Rath and Carpenter, infielders; Ryan, Tobin and Shinn, outfielders.

To these are to be added Quinlan and Brief, which means that three of the crowd will be given the "ax" before the work of the season actually starts. Bill says he has not definitely decided yet as to dismissals in some of his departments and the final lineup is still a matter of guesswork.

Bernhard believes and has no hesitation in saying that he has the class of the league in the fielding department, both in inner and outer gardens. Sheely has shown his possibilities as a catcher, and Harry Hannah is speedier than he was last year. In all classifications the men have been given the "O. K." by the skipper and all attention is now being centered on getting together a crew of flingers.

Last year there seldom was a time, Bill says, when more than two men were ready for the mound, and he hopes to have better luck this year. Sunday's exhibition with the Porterville Grange Pickers will probably bring the work of the team to a close for the season.

POLO GAME WON
BY EASTERN MEN

SAN DIEGO, March 21.—The polo team representing the Meadowbrook Country club of Long Island defeated Max Fleischmann's Miami Valley club of Ohio today at Coronado in the first game for the Pacific coast All-American cup 6-14 goals to 4. The contest was one of the best of the season. Malcolm Stevenson of international polo fame, featured the game by his brilliant playing. Meadowbrook took the lead at the start and never was headed.

Del Monte and Meadowbrook will meet in the final game for the trophy Friday. Only three teams entered the competition this year.

Line-up and summary:
Meadowbrook—No. 1, G. M. Heiksch, 1 goal; No. 2, C. P. Beadleston, 1 goal; No. 3, Malcolm Stevenson, 3 goals; back, Carleton Burke, 2 goals. Total goals, 7. Penalties, four, and safety by Stevenson. Net score 6-14.
Miami Valley—No. 1, H. E. Talbot, 1 goal; No. 2, W. Hopping, 2 goals; No. 3, Cheever Cowdon, 1 goal; back, Max Fleischmann, 1 goal. Total goals, 5. Penalties, fouls by Hopping and Fleischmann.

UNQUESTIONABLY.

In San Francisco, Cal., there was a prominent lawyer who prided himself on his astuteness in questioning Chinese witnesses. He was very near-sighted, so failed to note that the dress of a Chinese witness was of finer texture than that worn by an ordinary coolie.

Instead of asking the usual questions as to age, occupation, etc., the following dialogue ensued:

Q—What is your name?
A—Sell Lung.
Q—Do you live in San Francisco?
A—Yes.
Q—Do you save God?
A—Mr. Attorney, if you mean do I understand the deity of our Creator, I will simply reply that on Thursday evening next I shall address the State Ministerial association upon the subject of the "Divinity of Christ," and shall be pleased if you will attend.
To the day of his death the celebrated lawyer will never escape the question, "Do you save God?"—From Case and Comment.

AGGIE TRACK MEN
TO HOLD MEETING

Big Indoor Event to Be Annual Affair—Keen Competition.

LOGAN, March 21.—Agricultural college track followers and exponents will be tendered a sort of a winter reception in the Smart gymnasium next Saturday afternoon. The Aggies will open their 1917 indoor path season officially by staging a big indoor meet, which is also to become an annual affair for the U. A. C.

The track will be measured and extreme caution will be used in timing the various races so that the records will be accurate. The marks made this year will be the indoor records of the school until broken at some future date.

The coaches and students look for some keen competition and fast time as there will be some of the best tracksters in the state in competition and they have been working for some time in preparation for the coming events.

Peterson and Hanson are the favorites for the sprints and both these men are expected to step the century and 220 at a lively clip. Twitchell will take care of the weights and Kirby is looked upon as the best miler in the college. Adams and Poulter line up favorites for the jumps and besides these there will be the usual bunch of aspirants to live up to the meet.

Enthusiasts who were working on the outdoor running track have hesitated to put the course in shape until some future time as the campus is now covered with eight inches of snow. Considerable work has been done in this endeavor and the workers and track men are very disappointed over the turn of events.

Deputy County Clerk David Fletcher, one of the chief factotums of District Judge Alfred W. Agee's court, came softly stepping from the direction of the grand jury room yesterday afternoon holding a thick sheaf of official documents of the size and appearance of bench warrants. He winked a significant eye at two newspaper sleuths who were observing him and other prospective news stimulants.

"Indictments!" said one of the hopeful scribes to the other. They maneuvered around until they got in touch with the wily David, who was acting as mysterious as an alderman during the franchise season. Finally he lost his pose of frowning solemnity and the fact was disclosed that the documents were merely a collection of precepts, notices and motions, all of which together wouldn't make a news item. The scribes acknowledged the score.

"He reminds me of John Hoxer's big clay-bird dog," grumbled one of the scribes. "This aristocratic canine's friends never miss an opportunity to pet him with a kindly word and a pat on his noble dome. Today a man paused to pet the big mastiff, but he (the dog) was crouched in a doorway, jealously guarding something between his forepaws. He growled a warning for his friend to keep moving; he didn't have time for pleasantries. Thinking he had probably caught a gopher, or a mouse, the man pulled the big mastiff aside, disclosing the treasure between his forefeet—a large ham bone without a scrap of meat on it. The dog was thinking of the meat that once had adorned the bone, enjoying the lingering smell of it, and speculating pathetically on what might have been."

MINIATURE MOTORS
GET A TRYOUT FOR
SPECIAL DELIVERY

Special delivery boy and his miniature motor.

Postmaster Merritt O. Chance, of Washington, is testing the miniature motor shown in the photograph for the delivery of special delivery letters. The plan has worked splendidly for a month with five out of a force of fifty messengers. If the machines stand up the government will probably buy them for all the large offices in the country.

TWO NEW ANGELS
REPORT FOR DUTY

Pete Standridge and Emil Meusel in Light Workout on Chance Team.

LOS ANGELES, March 21.—Two new Angels made their appearance before a small gathering of fans today when Los Angeles met a local semi-pro club. They were Pete Standridge and Emil Meusel, received from the Chicago Cubs. Standridge started the game with Meusel in left field.

Chance did not work the Angel players hard today. He sent them through a light workout instead. Over in the Vernon camp, Stovall let the Tigers down with one long practice instead of the double workout. This was not done, however, because Stovall wanted to ease up on the Tigers' workouts, but because there was some dew on the grass when the Tigers reported, so Stovall started the practice later than usual.

The firebrand is well pleased with the condition of his club. McLarry's sore arm is coming along in great shape and Jim Galloway and Calahan are throwing better than last week. The Vernon club today waived on Jackson and Vaughn of the Angels, both of whom Manager Chance intends to trade to the Northwestern league. "I don't want any more hold-outs on my club," said Stovall. "If they won't sign for the money offered them by the Los Angeles club it's a pinch I can't pay them any more."

MUTES' CLEAN UP ON
WEBER ACADEMY
AT BASKETBALL

The Deaf and Blind quintet cleaned up on the Weber second last night, 26 to 12. The game was fast and interesting, the teamwork of both schools being exceptionally good, but the basket shooting of Weber was way below their standard. The men took frequent chances, but hard luck seemed to accompany their efforts. The state school five, however, took few chances at the basket and these few counted. The first half ended 9 to 3 for Stoddard's men.

The second half found the Weber boys trying to use football tactics, in which game they had not been drilled and their attempts were met with like tries from the mutes, who more than held their own in this style of play, as the final score, 26 to 12, shows. The lineup and summary:

WEBER (12)	F. B.	F.	A. Pts.
Lindsey, If	3	0	6
Anderson, rf	0	6	2
Burrows, c	0	0	0
Wiggins, c	0	0	0
Brewer, lg	0	0	0
Stallings, lg	2	0	4
Totals	5	6	2

MUTES (26)	F. B.	F.	A. Pts.
Duce, rf	3	8	4
Joshua, lf	5	0	10
Austin, c	1	0	2
Morgan, rg	0	3	0
Fher, lg	2	0	4
Totals	11	11	4

Referee—Jefferies.

OGDEN CHOSEN AS
CONVENTION CITY

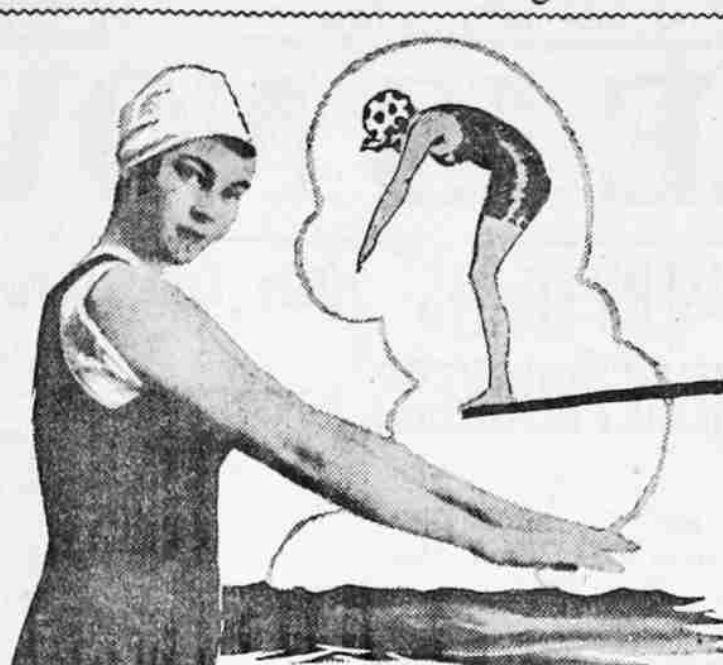

SALT LAKE, March 22.—Ogden was chosen as the meeting place in 1920 for the next triennial convention of the Royal Neighbors of Utah at the close of the fourth triennial meeting yesterday in the Knights of Pythias hall. Mrs. Mary Duffy of Ogden was elected supreme state oracle. The other officers are Mrs. Edith Miles, vice oracle; Mrs. Sylvia Barnes, Gunnison, recorder and receiver for the 1920 meeting.

Mrs. Agnes Welsh of Park City was unanimously elected delegate to the supreme convention to be held in Buffalo, N. Y., in June, and Dr. Elsie Ada Faust was named alternate. The convention was presided over by Mrs. Mabel E. Rothwell, state oracle. Mrs. Nellie Shafer having been ill. Delegates from Salt Lake valley and auxiliary camps at Ogden, Price, Park City, Salina, Gunnison, Corinne and Spanish Fork were in attendance.

Some men were excavating for a cellar in Columbus and the ground was hard where they were working. They had a team of mules hitched to a plough and one man handled the reins while another swung on the plough handles and tried to guide. The afternoon was hot, the mules were lazy, the ground seemed harder and harder, and the men toiled away, inwardly boiling.

"That ground's pretty hard," suggested a passerby. The man at the plough handles glanced at the driver who seemed about to explode because of too much pent-up emotion, and explained: "That ain't the worst part of it. You see there are so many women sitting on these porches around here he can't cuss his mules."—Columbus Dispatch.

Mermaid Breaks Swimming Record

Miss Gertrude Artelt in readiness for a spring.

Miss Gertrude Artelt, the fourteen-year-old swimming prodigy of Philadelphia, Pa., created a sensation recently when she lowered the national figure for sixty yards, doing the distance in thirty-six and one-half seconds. She also covered the fifty yard distance in twenty-eight and one-half seconds.

Miss Artelt is to meet champions of different states in the coming months, and it is the opinion of swimming experts that this youthful mermaid will be the national woman's swimming champion by the end of the season.

TUSCARORA, NEVADA
IS BEING REVIVED

Encouraging news has been received from Superintendent Finkell of the New Tuscarora Mining company regarding showings in the face of the company's tunnel, which leads the management to entertain expectations that an important discovery will soon be made, according to information given out yesterday by local officials of the company. The superintendent reports that two stringers showing ruby silver have been found running practically with the course of the tunnel, and since his last letter was received has come the news that the third stringer was in evidence last Saturday evening.

Has Good Holdings. Property of the New Tuscarora company consists of four claims, embracing about seventy-five acres, in the old Tuscarora district of Nevada, fifty miles north of Elko. Tuscarora was one of the great silver-producing districts of the early days and is credited with having had a number of mines from which from \$1,000,000 to \$9,000,000 was taken. The total production from about a dozen mines being said to total \$40,000,000, while it is claimed that many millions were taken from placer operations. Some of the big producers of the past and the production credited to them are as follows: Nevada Queen, \$1,200,000; Early Morning, \$3,700,000; Independence, \$3,700,000; North Belle Isle, \$3,000,000; Lost Cause, \$4,059,000; Commando, \$2,400,000; Navajo, \$7,000,000; Grand Prize, \$4,800,000; and Dexter, \$9,000,000. The Nevada Queen and North Commonwealth, together with some adjoining ground, have recently been secured by the Stewart Mining company, one of the prominent companies operating in the Coeur d'Alene district of Idaho.

To Work Old Dumps. There are some immense dumps at old mines in the Tuscarora district, and other interests are reported to be preparing to work them over. One of the dumps is on the Grand Prize, and is estimated to contain 750,000 tons, carrying an average around \$6 a ton. E. R. Holden, who has invented a flotation-leaching process that has been tested on this ore; J. F. Parsons, representing the Stewart company; E. K. Stallo and others interested in operations at Tuscarora held a conference last week in Elko to discuss matters relating to resumption of work at a number of properties. While, by another process, a saving of 68 per cent after thirty-two hours' treatment was reported, it is stated that in six hours the Holden process made a saving of 92 per cent of the metal content of dump samples. It is stated that the rejuvenation of the district is being undertaken by the big interests in a systematic and business-like manner that promises to prove successful and to again make the district an important one.

REVOLUTION WILL
END EUROPE'S WAR

SALT LAKE, March 22.—J. E. Bamberger, brother of Governor Simon Bamberger, believes the European war will come to an end within this year. Mr. Bamberger, who is stopping at the Hotel Utah, came out from New York with a party of friends, consisting of Senator Guggenheim, E. L. Newhouse and Edward Brush, and is awaiting their return from California Sunday, after which he will accompany them to Portland, Ore. The party expects to leave here Tuesday morning. Other members of the party are on a general inspection tour of their interests, but Mr. Bamberger, who makes his home in Salt Lake, but spends most of the winters in New York, came out with them and will continue the trip into the northwest before returning to New York.

Mr. Bamberger was in Germany when the world war broke out, and he declares that, from his general knowledge, he expects to see the conflict come to an end this year.

"I expect to see the revolution in Russia followed by others in the other countries at war," said he, "and I believe that it is the beginning of the end."

In relation to business conditions in the east, Mr. Bamberger declares the country is booming, but expects to see the high price of metals continue whether the war ends or not. He declared that the people are behind President Wilson in his policy, and while he expected to see trouble between the United States and Germany, he felt that every German-American citizen was squarely behind the Stars and Stripes and that the trouble will be short-lived.

BETTER PITCHING BRINGS

CUBS A WIN OVER OAKS
SAN FRANCISCO, March 21.—There were not many of Oakland's beauty and cavalry out at Oakland today to see the Cubs down the Oaks 2-0, but those who did venture out, saw a very neat exhibition of the national pastime.

The Cubs could not hit the spit ball of Pop Arlett the three innings he worked, but they got even by plunking the beer ball in the last three rounds. Harry Krause worked the middle three innings, and got away nicely with his crooked arm slants, being nipped for two hits that produced nothing in the way of runs.

For the Cubs big Jim Vaughn worked the first five rounds. Enough said—no runs. The big left hander is certainly a sweet pitcher, when he cares to.

Aldridge worked a lot better than he did in San Francisco and he got by the last four innings without much trouble. The Oaks did not look bad at all, but the Cubs simply got better pitching and so they won. Score:

	R. H. E.
Chicago	2 5 1
Oakland	0 4 2

Batteries: Vaughn, Aldridge, and Elliott; Arlett, Krause, Beer and Murray.

SEALS READY FOR
LAST CUB GAME

SACRAMENTO, March 21.—With the exception of Justin Fitzgerald, who remains here in charge of the second Seals squad, all the Seal regulars will make the trip to San Francisco for the last exhibition games with the Chicago Cubs.

Fitz's absence from the regular lineup is caused by a painful bruise on his hip, brought about by sliding. It will be three or four days before he will be right again.

Two bushers, Smith and O'Doul, pitchers, also are making the trip. Harry Wolverton expects to work them against the Cubs. They probably will finish a game each.

Ira Hall, who helped Del Baker behind the bat last week, remains here, some good boy.

Louis Sepulveda's army having rounded into shape. He will split the back stopping with Baker. The players who leave here tomorrow morning follow: Kerner, Downs, Hollywood, Corhan, Baker, Sepulveda, Maisel, Shalier, Calvo, Ellis, Oldham, O'Doul, Erickson, Steen, Baum, Kallio and Smith.

McCREDIE GETS READY TO CUT

PORTLAND, March 21.—Incidental to the landing of the Beaver troupe in San Francisco after a fast trip from the Honolulu training camp, Manager McCredie handed out releases to Johnny Brandt and Ralph Pinelli and waiters were requested on five others. Marshall, Higbee, Higbee and Helfrich are believed to be on the latter list.

McCredie wants the decks cleared of technicalities if he decides to cast any of these youngsters adrift next week. Catcher Marshall either will be turned over to Spokane or traded to St. Joseph with Higbee for Pitcher Jimmy Williams. The Beavers will train in Marysville instead of Stockton, McCredie announced.

DEMPSEY-NORTON
BOUT A DRAW

SAN FRANCISCO, March 21.—Jack Dempsey, Salt Lake heavyweight, had a shade over Al Norton tonight in the main event of the West Oakland club fights, but the best he got was a draw verdict. Dempsey looked to be a good boy and went through the four rounds unscathed.

Norton was badly cut about the face, although neither boxer was seriously damaged. The match was a particularly fast one for a heavyweight encounter, and the crowd cheered. The Salt Lake made himself a favorite from the start. At all events, Dempsey is sure of another match with some good boy.

Table
and Preserving Sugar
IS 100 PER CENT GOOD
ABSOLUTELY PURE

CRISP GINGER COOKIES

One large cup of butter, two cups of Table and Preserving Sugar, one cup of milk, either sweet or sour, not quite full, one egg, one scant teaspoonful of soda, half cup ground brown ginger. Add enough flour to make stiff and the last rolling put sugar on top. They should be rolled quite thin. If icing is desired, make plain icing, flavoring with few drops of vanilla or peppermint extract.

WANTED

Bids for construction of a cement abutment on Warren Irrigation Co.'s canal are hereby requested to be handed to Ralph Corlew no later than Saturday, March 24. Plans and specifications, with blue print, can be seen at Mr. Corlew's office. All material on ground. The company claims the right to reject any and all bids.
